

Abhijit Tannu, Director

Abhijit Tannu is Co-Founder and Director - Technology at Seclore, building innovative products and applications for enterprise security.

A technology architect at heart and an entrepreneur by his calling, he was also the Founder, Director & CTO at Herald Logic, the company he set up along with Vishal Gupta and others. In the past decade, Herald Logic has become a leading name in optimizing Sales Force and Channel effectiveness for Financial and Pharmaceutical companies.

In his 15-year experience, of which 8 have been as Head of Technology and Product Management, Abhijit has managed large turnkey projects, design & development and quality assurance, besides driving technology and innovations. In earlier positions, at Patni Computer Systems, Abhijit managed some of the largest projects and was involved in all aspects of delivery. He has also worked at Larsen & Toubro handling large turnkey projects.

Abhijit is an inventor of a technology product - IntelliPush - which was awarded by Stanford University in a global competition, in 2002. IntelliPush is a rule-based engine which collects data from various sources, analyses it and performs actions as previously defined by the user.

Abhijit holds a Bachelor's Degree in Chemical Engineering from IIT, Kharagpur.

Product Management, Product Architecture, building product teams and trekking are his passions.
